An Exciting Blog Post

Boating is the leisurely activity of travelling by boat, or the recreational use of a boat whether powerboats, sailboats or man powered vessels.

It is a popular activity and there are millions of boaters worldwide

Boat, generic term for small watercraft propelled by paddles, oars, sail or motor, open or partial. The early forms of the boat were many, and their design and structure depended upon available material. When suitable timber was at hand, the raft and later the dugout canoe developed. During the evolution of the dugout canoe the sides were raised by means of planks.

Nature is an inherent character or constitution,[1] particularly of the ecosphere or the universe as a whole. In this general sense nature refers to the laws, elements and phenomena of the physical world, including life. Although humans are part of nature, human activity or humans as a whole are often described as at times at odds, or outright separate and even superior to nature

Description about the Page

Within the various uses of the word today, "nature" often refers to geology and wildlife. Nature can refer to the general realm of living beings, and in some cases to the processes associated with inanimate objects—the way that particular types of things exist and change of their own accord, such as the weather and geology of the Earth. It is often taken to mean the "natural environment" or wilderness—wild animals, rocks, forest, and in general those things that have not been substantially altered by human intervention, or which persist despite human intervention. For example, manufactured objects and human interaction generally are not considered part of nature, unless qualified

Welcome!

Bears are carnivorous mammals of the family Ursidae . They are classified as caniforms, or doglike carnivores. Although only eight species of bears are extant, they are widespread, appearing in a wide variety of habitats throughout most of the Northern Hemisphere and partially in the Southern Hemisphere. Bears are found on the continents of North America, South America, and Eurasia.

Ex 7 : Personal Profile Page

About Victoria Kirst

My name is Victoria and I am jolly, clumsy and four eyed.

My classes This Quarter

- CSE 451 - Operating Systems
- CSE 471 - Computer Design and Organization
- PHYS 121 - Physics:Mechanics
- CSE 468 - Researxch w/ Prof. Luis Ceze

My Favorite Movies

(I actually don't watch too many movies, so...here goes!)

1. the last 30 minutes of Forrest Gump ([IMDB](#))
2. Star Trek Episode V with Zaru ([IMDB](#))
3. Fight Club (not really, but I've seen like 3 movies total so this is my 3rd fave by technicality) ([IMDB](#))

Fun Facts About My Neighbors

- Sue Smith: *Effervescent* is a word that describe her.
- Bill thompson: Loves playing *Yu-Gi-Oh*.

Ex 8 : Course and Interests Page

Courses

Here are some courses I've taken:

Course Number	Course Title	Semester Taken
For Credit		
6.813	User Interface Design	Spring 2014
6.034	Artificial Intelligence	Fall 2013
6.006	Introduction to Algorithms	Fall 2013
Listener		
6.867	Machine Learning	Fall 2013
6.830	Database Systems	Fall 2013

Interests

I am interested **HCI**, *memes*, and youtube videos.
